

Ski-Club Bayer e.V. Leverkusen

Welcome to the Skiclub Bayer e. V. Leverkusen.

With us you can learn and improve winter sports, especially Alpine and Nordic skiing as well as snowboarding. Together with like-minded people, you can experience the bond with nature even in the „snowless season“ when we offer cycling and hiking tours as well as other exciting excursions. In addition, we offer a high-quality popular sports programme with daily courses. Local events, regional hikes and other exciting activities round off our club offer.

The authorised DSV ski school of Ski-Club Bayer e.V. Leverkusen is certified by the German Ski Association (DSV). The team consists of instructors who have successfully completed training and examinations to become DSV basic course leaders, DSV instructors, DSV ski instructors or DSV snowboard instructors.

Our DSV ski school team regularly attends further training courses to learn about the latest developments in snow sports teaching and to be able to offer them on your ski trips.

THINK SNOW

Ski camps for children and teenagers

Our ski camps are designed for children aged 9 - 15 or young people aged 16 plus. The children travel alone and a qualified youth tour guide and a ski team organize the camp on site. Accommodation is provided in youth hotels. Participation in the courses is obligatory. Outside the ski courses, our team also ensure fair treatment within the group and supervise the children until they have gone to bed for the night.

Ski-trips for families

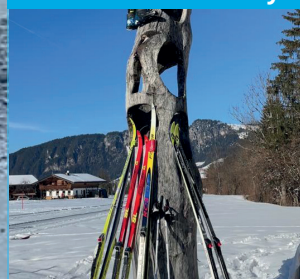

Our family trips aim to cater for all family members, whether children, teenagers, parents or grandparents. A full-day group course or ski guiding are simply part of the package for us. We usually offer ski courses for children from the age of 6. A family-friendly social programme after skiing is always included. Pure family fun is guaranteed here.

Ski-trips for best ager

Our ski trips for best ager go to Austria, Switzerland or Italy. Naturally, this also includes well-maintained accommodation in 3 to 4-star hotels. The journey is made by coach. The ski courses or ski guiding are included in the price of all trips. There are excellent opportunities to improve your personal skiing skills. This is independent of age or sporting experience. We accompany ambitious skiers on varied ski tours.

Nordic Cross-country skiing

Our cross-country ski team accompanies the Nordic skiing and gives tips and tricks for successful and enjoyable tours. The routes are selected according to experience and ability. The typical local conditions are taken into account when choosing the route, so that in addition to the sport, getting to know the region is also on the programme. High-quality accommodation and travel are included.

Snowless time . Popular Sports . Events . Regional

Hiking or cycling within Germany or even around the corner with our regional offers. Our experienced team ensures both relaxing and sporting nature experiences.

In addition, we offer an extensive programme of popular sports in Leverkusen, which is free of charge for members.
